BRAND ENGAGEMENT**

**DELIVER VALUABLE
MESSAGING IN A NEW
& ENGAGING WAY**

WHY VIDEO BROCHURES WORK FOR HEALTHCARE

01 >> 

The Personal Touch

Audiences simply can't resist a personalized, hand-delivered package. Better still, curiosity's a powerful force and it will be opened.

The Element of Surprise

Once opened, viewers will be genuinely surprised to see an ultra-thin, embedded video within and especially when the automatic play function is activated.

 << 02

03 >> 

A Unique Experience

Video brochures are still a unique medium and in many cases never previously experienced, so they're invariably handed on and viewed multiple times.

The Ultimate Storyteller

The sheer volume of information provided and the ability to handle complex messaging just can't be replicated in traditional media.

 << 04

05 >> 

Not a One Hit Wonder

The fact that new videos can be uploaded at anytime means content can be redefined and repurposed time and time again.

HEALTHCARE INDUSTRY EXPERTS

VIDEO BROCHURES
DIRECT

A VALUED PARTNER WHEN IT REALLY COUNTS

Providers, payers, and industry alike utilize video brochures to boost product sales, enhance education initiatives, increase brand loyalty and impact numerous other growth metrics. Our team is fortunate to work with some of the top brands in healthcare (and their agencies) with valuable success stories and tested industry knowledge.

The following white paper outlines our advantages. Video Brochures Direct was born out of a vision to bring innovate, compelling, and quality media technologies to market at accessible price points.

"This is great. Thank you for the hard work and quality."

Alyx G. - Associate Director, Project Specialist

QUALITY YOU CAN TRUST

"Video Brochures Direct did a fantastic job start-to-finish. Service, pricing and most of all quality of their products are by far better than other vendors we have worked with in the past."

CHRIS ALBANY

President, Avenue Red Media (Representing Leva)

CONSIDERATIONS WHEN EVALUATING VIDEO BROCHURE VENDORS

1. Select a video brochure vendor that is intimately familiar with the challenges facing providers, payers, and industry
2. Choose an American-owned vendor that fully understands and controls the quality of production and shipping
3. Speak with expert advisors to plan, implement, and deliver complex campaigns and user experiences
4. Ensure your vendor offers only FCC-certified safety-compliant video brochure products
5. Understand the full procurement, production, and delivery process prior to signing any deal
6. Ensure vendor is responsive 24 hours a day
7. Select a vendor that helps you measure and track your success

SIZES & STYLES OF VIDEO BROCHURES

Video brochures come in multiple shapes, styles, print finishes, screen sizes, and technical capabilities. They are custom-built by hand using high tech components and an ultra-thin HD screen. We are limited in capability only by your imagination. If you can dream it, Video Brochures Direct can build it.

BUDGETING FOR VIDEO BROCHURES

Most video brochures typically range between \$25 and \$65 per unit depending upon quality, format, screen size, and number of videos. Many teams find it important to speak with an American expert about ways to maximize their budget.

THE FULL PICTURE: BUDGET CHECKLIST

When planning your campaign budget, it's important to understand the full spectrum.

****If your vendor doesn't explain these to you upfront, you may be in trouble.**

HEALTHCARE CASE STUDIES

USE CASE: PRODUCT SALES

Nanosonics standardizes ultrasound infection prevention practices to help clients meet their accreditation requirements and deliver best practice patient care across their organization. Sophisticated software presents this data in information-rich dashboards, survey-ready compliance reports and risk notifications.

The AuditPro product was housed in the video presentation box to illustrate the effectiveness of this hi-tech device. Upon opening, customers were greeted by a personalized Nanosonics staff member video which lead into videos targeting specific departments within the organization. Video Brochures Direct provided media training and instructed Nanosonics staff on how to remotely film 21 account representatives using our own best practice guidelines, programmed the complex menu system and dispatched all units directly to their customers.

VIDEO BROCHURE USES:

A sales initiative that was sent to the major stakeholders of large hospitals and healthcare providers across the country.

VIDEO BROCHURE SPECIFICATIONS:

Size: Medium Video Box

Fabrication: Foam Insert

Screen Size: 7 Inch HD

Number of Videos: 6

Buttons: Custom Configuration

Finish: Matt Anti-Scratch

USE CASE: PATIENT EDUCATION

WHEN THE WORLD WAS HIT HARD WITH COVID-19, PFIZER AND THEIR AGENCY REACHED OUT TO VIDEO BROCHURES DIRECT TO DELIVER A UNIQUE TRAINING VIDEO

Patients in Pfizer's Covid-19 clinical trial were required to swab their noses and mail in samples after each at-home test was administered.

Pfizer needed an efficient way to provide training about test administration to trial participants. The video included a comprehensive animation with step-by-step instructions via voiceover illustrating the actions required by trial participants. Pfizer requested a way for patients to turn the brochure on and off as needed. To accomplish this, a power button was added to the top right corner. We also included functionality enabling patients to pause the video easily at each step in the detailed Covid-19 self-testing process.

VIDEO BROCHURE SPECIFICATIONS:

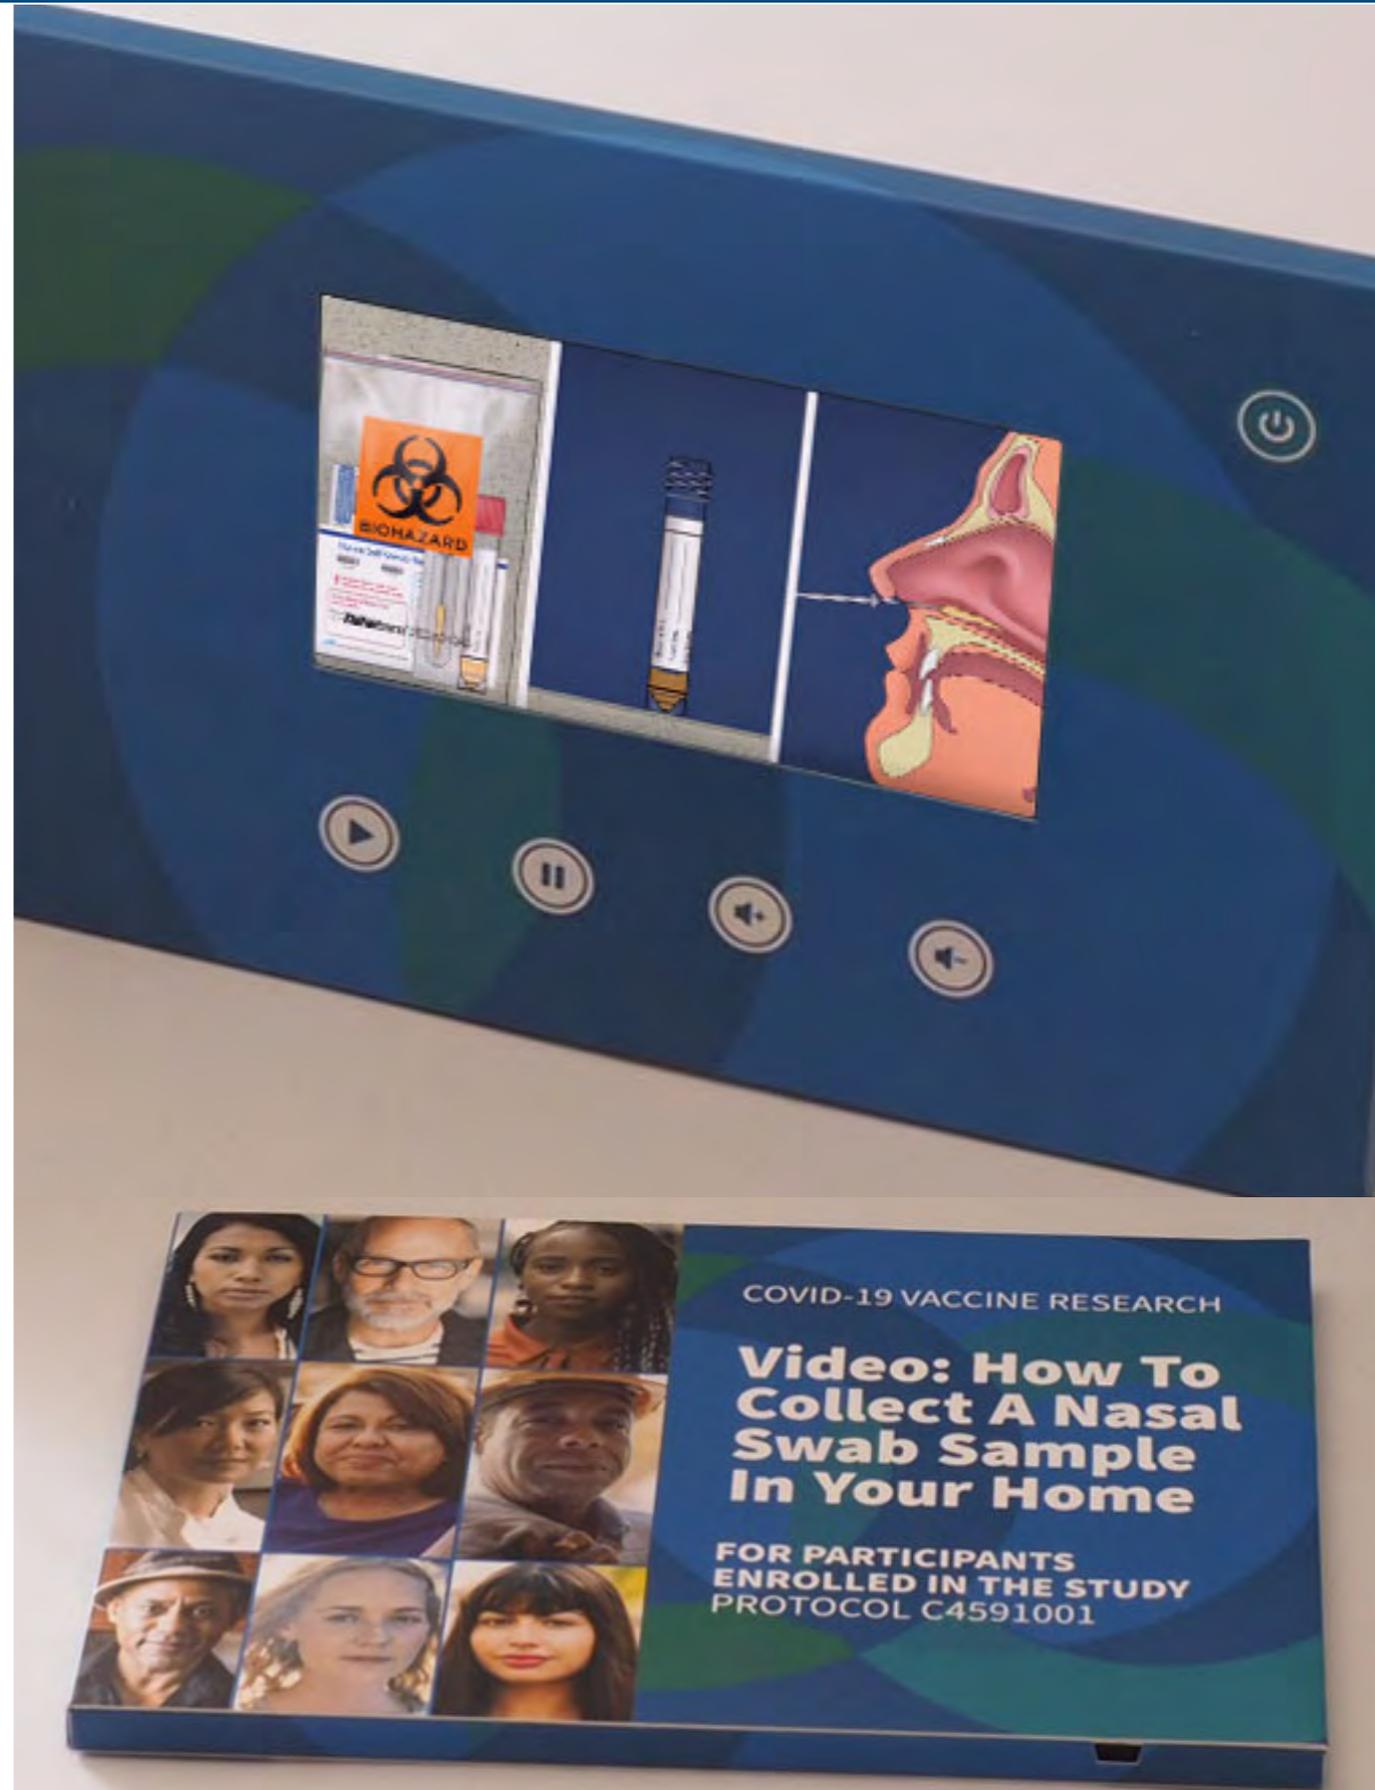

Size: Half Page / A5

Number of Videos: 1

Finish: Paperback

Buttons: Play/pause & Volume

Screen Size: 5 inch IPS HD

USE CASE: PATIENT EDUCATION & TRAINING

Duodopa by Abbvie is used to manage the symptoms of Parkinson's disease through the use of a gel that is administered continuously. The easy-to-use video brochure contained a series of brief videos that show patients how to administer Duodopa safely and confidently, using the CADD Legacy Pump. At the press of a button, videos explain every step a patient needs to take, from preparing the pump in the morning to turning it off at night.

Once the patient is familiar with how to operate the device they are encouraged to return the brochure back to their doctor for the next patient.

This trial has been so successful that they have produced 3 versions of the brochure to educate and assist patients with the operation of the device.

VIDEO BROCHURE USES:

Duodopa video brochures were mailed out to patients who required the device to assist with Parkinson's Disease.

VIDEO BROCHURE SPECIFICATIONS:

Size: Square 8.5" x 8.5"

Fabrication: Paperback

Screen Size: 7 Inch IPS HD

Number of Videos: 7

Buttons: Custom Configuration

Finish: Matt Anti Scratch

7 Essentials for Quality Control

When “risking” your budget on an innovative project like video brochures, it is critical to understand quality production.

1. PDF printer’s proofs should be prepared and checked by American team members prior to presentation to the client for approval
2. Video files are reviewed and optimized to ensure quality audio prior to factory upload
3. Once printed, every video brochure is thoroughly checked by our white glove inspection
4. Batteries are fully charged and double-checked for reliable recharging functionality
5. Once assembled, video and function buttons are thoroughly tested for function and durability
6. After full assembly, batteries are rechecked prior to packing and shipping
7. Brochures are properly packed for quality protection during transit
